Brand New Book ***** Print on Demand *****.Many of us walk through life with a perspective of comparison. We say, If only I could be as pretty, as wealthy, as funny, or as smart as someone else, each time suggesting that if things were a little different, life would be much better. This trap keeps us confined in a mental and emotional state of lack. Instead of asking, Why can t things be different? why not ask, What can I learn from this? How can I be better right where I am and by being who I am? When things get stressful-either good, bad, or funny, but stressful just the same-through God s grace our response can be, It s all good. This simple phrase allows us not to get sucked into a place of complaining, but looking up to see a different light. Through the power of story and using her unique humor, Peggy Gilbert will inspire you to look for a new perspective when faced with life s challenges. After each chapter there is also space to journal your own reflections, which will show you a path yet unseen. As you read each story, you will find sufficient grace for your own life to take away, apply, and then pay it forward.
