Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

Olive Editions. 1 Paperback(s), 2015. soft. Book Condition: New. "Alas, Babylon." Those fateful words heralded the end. When a nuclear holocaust ravages the United States, a thousand years of civilization are stripped away overnight, and tens of millions of people are killed instantly. But for one small town in Florida, miraculously spared, the struggle is just beginning, as men and women of all backgrounds join together to confront the darkness. A journalist and propagandist for the government before he became an author, Pat Frank was one of the first and most influential science fiction writers to deal with the consequences of atomic warfare; this novel, originally published in 1959, is a classic of speculative postapocalyptic fiction. 355.
