Brand New Book ***** Print on Demand *****.Over the past 30 years, companies have spent millions (if not billions) of dollars on Project Management tools, techniques, methods, processes, procedures, and training to help their managers successfully plan, organize, monitor, and control their projects. After all of this investment, however, the same percentage of projects are failing today as there were 30 years ago. This book presents over 50 killer ideas that will help your projects become successful: delivering on time, within budget, and meeting your client s expectations.
