ADAPTIVE MULTILEVEL SOLUTION OF NONLINEAR PARABOLIC PDE SYSTEMS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Theory, Algorithm, and Applications | Nowadays there is an increasing emphasis on all aspects of adaptively gener ating a grid that evolves with the solution of a PDE. Another challenge is to develop efficient higher-order one-step integration methods which can handle very stiff equations and which allow us to accommodate a spatial grid in each time step without any specific difficulties. In this monograph a combination of both error-controlled grid refinement and one-step...
