Brand New Book ***** Print on Demand *****.Excerpt from The Edinburgh Review, Vol. 135: Or Critical Journal; For January, 1872;;; April, 1872 Art. I. - The Book of Ser Marco Polo, the Venetian. Newly translated and edited, with notes, by Colonel Henry Yule, C.B. Two volumes 8vo. London: 1871. The publication of Colonel Yule s Marco Polo is an epoch in geographical literature. Never before, perhaps, did a book of travels appear under such exceptionally favourable auspices; an editor of a fine taste and ripe experience, and possessed with a passion for curious medieval research, having found a publisher willing to gratify that passion without stint on the score of expenditure; and the result being the production of a work which, in so far as it combines beauty of typography and wealth of illustration with a rich variety of recondite learning, may be regarded as a phenomenon in these days of thrifty and remunerative book-making. Nor is it a slight praise thus to pronounce Colonel Yule s edition to be a great success; for never, perhaps, has there been a more difficult book of the class to expound than Marco Polo s travels, since his great prototype, Herodotus, recited his history at Athens. Every page is a puzzle; every chapter contains strange names which it is hard to recognise, strange stories which it is harder still either to believe or to explain.
