Brand New Book ***** Print on Demand *****.Discover the art of giving from the heart, the real key to lasting happiness. Some time or other in life, we all have experienced how even small acts of kindness go a long way in bringing great inner peace, good health, satisfaction of heart, and feelings of empowerment. Every time you give, your heart opens up for receiving more love. Nothing in nature lives for itself. Rivers don t drink their own water. Trees don t eat their own fruits. The Sun doesn t shine for itself. Flowers don t spread fragrance for themselves. Living for others seems to be the rule of nature. Thus begins the story about Willy, a selfless willow oak tree, who goes on giving his unconditional love to one and all without discrimination. With every breath, he does nothing except to do good unto others. He tolerates the heat and the cold and happily forgives even before it is asked for. But, when the City wants to expand the street roads to allow for growing traffic, they decide to cut him down first. Can his beloved friend, a mere 9-year old boy, save him from imminent destruction? Unconditional Giving is an inspiring, heart touching and endearing story (with colorful illustrations) between two friends that not only reveals the natural symbiosis and sharing of love between human and nature, but also a simple, yet often overlooked truth for humans: by giving, you become happy and a better person and so do people around you!.
