Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.America has been led by many leaders in our history. Some have been great leaders, and some not so great. Whether great or not, those leaders in our past were guided by one commonality. All those leaders professed, in larger or lesser degree, a belief in God as our Creator, and as the foundation of our nation of hope and promise for the betterment of humanity. That has been our history and our nation s foundation. Now that has all changed. Suddenly, Barack Obama came into power, from obscurity, and changed our fundamental guiding light. He erased that Christian and positive commonality by suddenly proclaiming, We are no longer a Christian nation. Although he meekly claims to be a Christian, his words, deeds, and actions clearly demonstrate without any doubt whatsoever that he is not as he says. A Christian would never utter such deep blasphemies that routinely spew from Obama s lips. With this background as a starting place, we must consider where Barack Obama plans to take us into the future. It s certainly not the place our Founding Fathers planned and designed for us. It s not the road to independence, happiness, and salvation. It s more a road so often tread throughout history; into peril, disaster, and inhumanity. In this case, it s into a place ruled by the dictates of Islamic terror veiled as the Religion of Peace. Our future must be walked with great care. There are many dangers along the way. Most of those dangers are very obvious, but who among us have any power to guide us to safer grounds? God bless America.
