Mobile Learning Environment (Mole) Project: A Global Technology Initiative

By Jacob Hodges

Createspace, United States, 2013. Paperback. Book Condition: New. 270 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.The Mobile Learning Environment (MoLE) Project: a global technology initiative, was a two-year project that included e-Learning and medical professionals from academia, commercial, government and NGO representing 24 countries from five continents. It focused on providing training/education in areas with low-bandwidth and limited internet connectivity and infrastructure. This book provides readers with - - a comprehensive education and training app that contains six major content categories (i.e., learning, reference library, standards, networking, mission tools, and mission pack); - access to, and use of, the Mobile Learning Environment (MoLE) Project source code for iOS and Android devices, and the online content catalogue repository to create, share and develop apps; - the data collection and evaluation strategy that incorporated social responsibility, ethical practices, solid research approaches and professional standards; - an in-depth review of the evaluation finding on the accessibility, effectiveness, satisfaction/self-efficacy, utility and usefulness of mobile technologies as a learning medium; and - conclusions on what made the app learner centered (i.e., built on the skills and knowledge of the individual/teams), knowledge centered (i.e., providing educational content that is...
