Sector-targeting for controlling nutrient loadings

Filesize: 6.59 MB

Reviews

Very beneficial to all type of folks. I could comprehended every thing using this created e pdf. I found out this book from my i and dad suggested this book to find out.

(Ms. Madaline Nienow)

SECTOR-TARGETING FOR CONTROLLING NUTRIENT LOADINGS

DOWNLOAD

To download **Sector-targeting for controlling nutrient loadings** PDF, please access the hyperlink listed below and save the document or have access to additional information that are have conjunction with SECTOR-TARGETING FOR CONTROLLING NUTRIENT LOADINGS ebook.

LAP Lambert Academic Publishing Apr 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x8 mm. This item is printed on demand - Print on Demand Neuware - The economic costs of reducing nutrient loadings are often not taken into account during development. In this study, sector targeting is used to minimize the total cost of nutrient reduction by targeting sectors with lower costs per unit of pollution reduction. This study focuses on targeting nitrogen (N) and phosphorus (P) loading reductions from three sectors: agricultural, point source, and urban non-point source, in the North Fork watershed. Linear programming optimization models were created to determine an optimal solution that minimized total compliance cost to implement Best Management Practices subject to targeted loading reductions in N and P in the watershed. The optimal solution for each sector using uniform allocation and sector targeting were compared for N and P loading reductions separately and N and P reductions simultaneously.The difference between sector targeting and uniform allocation showed the sector targeting was the more cost effective approach to achieve the desired nutrient reduction compared to uniform allocation. This study implies that both stakeholders and policymakers can use sector targeting to achieve nutrient reduction goals at lower costs. 128 pp. Englisch.
