Excerpt: . . . 11 energy efficiency, and conservation, two quick ways of becoming - reducing our dependency, becoming more efficient, and encouraging conservation. Domestic production. Yes. We must increase oil and gas production and we must take advantage of other energy resources, includ-ing renewable and nuclear. Energy security is obviously a corner-stone of our policy. We must be prepared and ready to provide strong assurance of protection against a severe supply disruption. We have seen some of the impacts based on Hurricanes Katrina and Rita, in terms of the delicate U. S. energy balance. The Depart-ment of Energy, or DOE, works through many cooperative arrange-ments and agreements to promote greater energy security. Here in our own region, working with Mexico and Canada through the North American Energy Working Group we are seeking to increase the reliability by integrating our systems. We are...
