ARENA BOOKS, United Kingdom, 2008. Paperback. Book Condition: New. New.. 231 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.The transformation of society and the world of work, in the industrialised countries over the past 60 years, have overtaken political systems in the democratic world. The old left/right political divide, which has marked the pattern of socio-economic struggle since 1789, has now ceased to be a useful tool in advancing the progress of humanity. This book presents the new realities in the spheres of social life, as an introduction to the author s forthcoming 3-volume work on Social Capitalism, which concentrates on the shattering economic and political changes in the contemporary world. What is to be the future of society if it is to advance in any meaningful sense? If society is to be egalitarian and at the same time free, it will need to ditch the ideologies of the past which so inspired our forebears. The book opens with 6 chapters discussing the role of high culture in a society where class associations have been minimised and elitism takes on quite a different meaning. In an upwardly aspiring society, and under a changed educational system, the best would be available for all in the practical democracy of the future.There then follow 11 chapters on the nature of property, which is projected as an individual right in fulfilling psychological needs. The political consequences are that property is presented as something contradicting its concept as understood in the traditional thinking of left or right wing politics. The practical implications of property are considered in their different life situations in separate chapters. Democracy, real or illusory, is discussed in 7 chapters, and historical arguments are evoked in exploring the erroneous beliefs and myths on the nature of...
